But Bento jealously suspects that their son is not his. Beyond this straightforward plot, Machado plays with the reader's expectations and comments on the structure of the story, blurring the line between fiction and reality and appearing very modern.

Baltazar and Blimunda
Modèle 0156005204
<i>Harcourt Brace Jovanovich</i>
Portugal, 1711: an amorous friar is pursued naked through the rubble-strewn streets of Portugal; an enthusiastic procession of flagellants roars with pleasure over the damnation of adultery; a royal prince uses hapless sailors for target practice. Blindness
Modèle 0156007754
<i>Harcourt Brace Jovanovich</i>
A city is struck by an epidemic of 'white blindness.' The first man to succumb sits in his car, waiting for the light to change. He is taken to an eye doctor, who soon goes blind himself. The blindness spreads, sparing no one. Authorities confine the blind to a vacant mental hospital secured by armed guards under instructions to shoot anyone trying to escape. Blindness is stunning exploration of loss and disorientation in the modern world, of man's will to survive against all odds.

History of the Siege of Lisbon
Modèle 0156006243
<i>Harvest Books</i>
Raimundo Silva, a proofreader at a Portuguese publishing house, takes it upon himself to alter a key work in a text to make it read that in 1147 the king of Portugal reconquered Lisbon from the Saracens without any assistance from the Crusaders. His revision of a signal episode in Portuguese history unexpectedly and inexplicably wins the heart of his supervisor, Maria Sara, a woman of unwavering conviction. Rather than fire him as she ought to, Maria encourages Raimundo to rewrite the history of the siege of Lisbon in the grand style of a historical romance. Around this seemingly minor episode Saramago constructs one of his most ambitious, sweeping novels: a broad, multifaceted tableau involving meditations of historiography and the uses and abuses of language, a parable of life under authoritarian rule, and a bittersweet romance.

Stone Raft
Modèle 0156004011
<i>Harvest Books</i>
One day, quite inexplicably, the Iberian Peninsula simply breaks away from France and the rest of the continent and begins to drift as if it were a sort of stone raft. Pandemonium sets in: tourists panic, crowds gather to watch as the newly formed island sails by. As the bewildered government ponders what to do about the disaster, the intertwined lives of five former strangers are clarified and forever changed by their geographical, spiritual, and sexual voyage to an unknown destination.

The Gospel According to Jesus Christ
Modèle 0151367000
<i>Harcourt Brace Jovanovich</i>
Causing an uproar when first published in Portugal, here is a skeptic's wry inquest into the meaning of God and of human existence--the story of a savior who is at once the Son of God and a young man of this earth. Saramago's psychological portrait is an expert interweaving of poetry and irony, spirituality and irreverence.

The Year of the Death of Ricardo Reis
Modèle 0156996936
<i>Harcourt Brace Jovanovich</i>
The thesis is that Ricardo Reis was more than a Fernando Pessoa heteronym: he really was, as Pessoa claimed, a physician who lived in Brazil and wrote verse. The novel opens with the physician's return to his native Portugal after sixteen years in Brazil. Apparently he has returned after a receiving a telegram from ?lvaro de Campos telling him of Fernando Pessoa's death. He spends hours walking the steep, rain-filled streets of Lisbon, reciting lines of poetry under his breath. Fernando Pessoa sometimes walks with him, or sits with him at a restaurant table discussing world events over an open newspaper. Pessoa still wears the suit he was buried in a few weeks ago. This is a deeply-felt, richly sensual evocation of Lisbon of the mid-1930's, a wonderful work. Hardbound
